Giving Shape to Ideas

WORKS WHEREVER YOU DO

NETWORK READY

EASY SETUP

EASY MAINTENANCE

PRINT AND DIGITISE DOCUMENTS WIRELESSLY AND IN GREAT QUALITY

bizhub C3120i

HIGH-QUALITY WIRELESS PRINTING AVAILABLE TO ALL YOUR DEVICES

bizhub C3100i

Compact, high-speed and wireless, the C3120i and C3100i are simple to install, easy to maintain and compatible with remote management. The perfect addition to your workspace, wherever you need it to be.

PRINT AND DIGITISE YOUR DOCUMENTS WITH EASE

Straight Out the Box

Even novice users can set up and start printing in moments with device setup handled through a simple interface. The compact size and Wi-Fi connectivity allow placement anywhere in your workspace, with no need to worry about wires.

Easy to Use

Simple and intuitive, print with ease from your computer, smartphone or USB memory device. Document management is simple with the C3120i's touch panel and excellent print quality ensures your documents always turn out looking their best.

Available to All Your Devices

Print effortlessly via Wi-Fi or install the dedicated mobile app to send documents with just a tap via NFC. The C3120i provides quick and easy scanning of files to PCs, mobile devices, shared folders, e-mail and USB memory devices.

Always Ready to Go

When consumables are due for replacement a message prompt will appear on the touch panel. Follow installation instructions printed on consumable packaging to replace.

MULTIFUNCTION

| A5/A4/Legal | Full-colour | Wi-Fi | Works with Apple AirPrint |

USER FRIENDLY

2.8-inch touch panel and intuitive UI `C3120i`

The simple, universal design of the C3120i's touch panel keeps the functions you need most right at your fingertips. Easily navigate copy, scan and print settings from the customisable home screen and quickly scroll options with the smartphone-like interface.

LED toner indicator lights and simple layout `C3100i`

The clean and simple layout of the C3100i makes it easy to select your settings in moments, while LEDs for each colour toner cartridge help you check machine status at a glance.
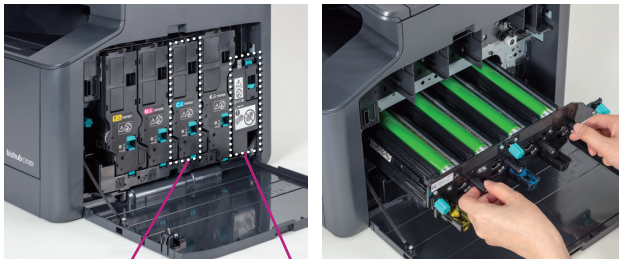

Compact and lightweight `C3120i` `C3100i`

The 21.2 kg C3120i and 17.4 kg C3100i both feature the same impressively small footprint making them the ideal fit for any work environment.

Easy toner cartridge, drum and waste toner box replacement `C3120i` `C3100i`

Consumables are easily replaced by the user in just a few simple steps, making the C3120i and C3100i ideal for working from home or remote offices where tech support may not be available.

Connect USB memory devices `C3120i`

Print from and scan to a USB memory device by plugging it into the USB port. Skip unnecessary steps at the computer, with PDF, TIFF and JPEG files all supported for print directly from USB.

Easy setup and user-friendly firmware `C3120i` `C3100i`

There's no need for technical expertise when setting up thanks to the user-friendly interface. Handle utility software, Wi-Fi configuration and IP address settings in a few simple steps. Administrators can also easily clone device settings to multiple machines on a network. Ongoing firmware updates can be downloaded from the Konica Minolta website and easily installed by the user.

PRINT & COPY

High-quality, high-speed laser printing `C3120i` `C3100i`

First copy out times of 9.5 to 12 seconds (C3120i only) and first print times of 15.5 to 16.9 seconds, combined with a continuous print speed of 31 pages per minute, ensure you'll have your documents on hand in moments.

Image Correction Technology `C3120i` `C3100i`

Ultra-precise colour reproduction to 2400 dpi thanks to Image Correction Technology which replaces mechanical corrective hardware used in previous machines.

Toner Saver Function `C3120i` `C3100i`

Select from toner saving modes of 20%, 40% or 50% to reduce toner usage when printing drafts or internal memos.

Toner saving off

Toner saving at 20%

Toner saving at 40%

Toner saving at 50%

Optional stackable paper tray `C3120i` `C3100i`

Double paper capacity with the optional 250-sheet PF-P26 Paper Feed Unit, which stacks neatly under the machine. Ideal for high print volume environments, minimising the frequency of paper replenishments.

Up to 550 sheets
(PF-P26)

Standard feeding unit 250 sheets

Manual bypass tray 50 sheets

Optional paper feeding unit (PF-P26) 250 sheets

SCAN

Single-pass dual-scan document feeder `C3120i`

Drastically reduce the time you spend shuffling pages. Place the document on the feed tray and select your settings on the touch panel to effortlessly scan multi-page, double-sided documents at up to 45 pages per minute.
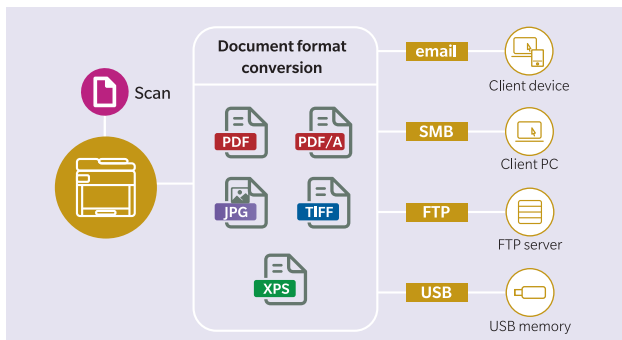

Scan to a variety of formats `C3120i`

Scan directly to PDF, PDF/A, JPEG, TIFF and XPS formats.

ID Card Scan `C3120i`

Combine both sides of an ID card or other small double-sided document onto a single sheet in a few simple steps with the ID Card Scan function.

Front side scan

Reverse side scan

Combines into one sheet

Scan to mobile or USB `C3120i`

Save scanned documents straight to your smartphone using the Mobile Print for C3120i app on Android or iOS. To save to a USB memory device plugged directly into the C3120i, select the USB menu and hit Scan to USB.

MOBILE

Mobile Connectivity `C3120i` `C3100i`

Connect to your bizhub using your local wireless network, Wi-Fi Direct, Bluetooth and NFC for a range of functions.

Mopria `C3120i` `C3100i`

The Mopria service allows printing from and scanning to any Android mobile device using any Mopria-certified printer. Ideal for users who need access to a range of machines daily, simply install the Mopria Print Service app to print and scan with no additional settings required.

Apple AirPrint `C3120i` `C3100i`

Print from iPhones and iPads and well as Apple computers using the native AirPrint app. You can also send faxes from macOS devices.

Mobile Print `C3120i` `C3100i`

Install the dedicated app for your machine to access a fuller range of copy, print, scan and fax features. Exchange print and scan data with your machine in moments via Wi-Fi or NFC.

FAX

Super G3 faxing `C3120i`

High-speed faxing of documents directly from your computer or scanned at the machine. Send to contacts saved to the Address Book or link your C3120i to an LDAP server for access to a centralised contact list.

Memory Proxy Reception `C3120i`

In case of paper jams or other issues halting fax reception, the C3120i will automatically store any received faxes and print when the machine is functional again.

Secure Reception Mode `C3120i`

Assign a password that will be required to print any received faxes with Secure Reception Mode.

Smartphone address book `C3120i`

Choose the destination for your scanned documents easily with the mobile app.

MANAGEMENT & SECURITY

Fleet Remote Monitoring & Management (RMM)
C3120i **C3100i**

The C3120i and C3100i can be incorporated into Fleet RMM services and monitored remotely by Konica Minolta.

Some Fleet RMM services cannot be used with the C3120i or C3100i

Konica Minolta

Fleet RMM   Technician

Manage access with User Authentication
C3120i **C3100i**

Restrict access to copy, scan and fax functions using User Authentication. Create up to 50 usernames and passwords to grant access to selected functions.

Scanned Document Encryption
C3120i

Encrypt documents scanned to PDF with a password.

Secure Printing
C3120i **C3100i**

This function temporarily saves print jobs sent to the machine until correct password is entered at the machine to reduce the risk of sensitive documents being left in the output tray.
