KONICA MINOLTA

Robotic Security Guard

For Indoor & Outdoor Patrolling

Aging population makes recruitment difficult

Leverage AI for risk detection patrolling

Continuous monitoring with remote live view

Maintain safety distance for alert communication

Patrol Robots fill the gaps left by traditional security guards, helping to co-create a robust, reliable and cost-effective security ecosystem for the long run.

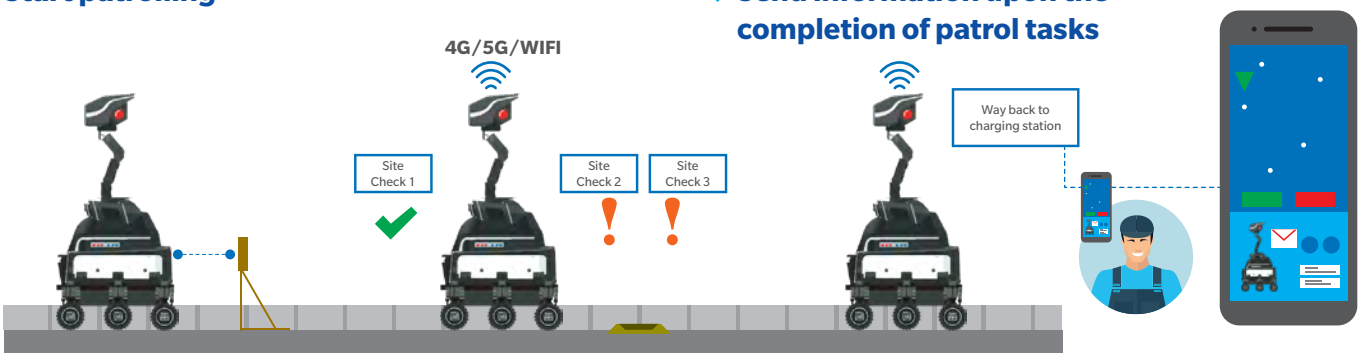

Model	Dimensions (mm)	Net Weight (kg)	Preferred Operation Area
1.	1100(L) x 700(W) x (1300 – 1650)(H)	90	Outdoor
2.	670(L) x 650(W) x 700(H)	23	Indoor
3.	Standing: 1150(L) x 660(W) x 610(H) Crouching: 1190(L) x 660(W) x 310(H)	Approx. 68.5	Indoor & Outdoor
4.	Standing: 960(L) x 472(W) x 520(H) Crouching: 1030(L) x 480(W) x 240(H)	Approx. 30	Indoor & Outdoor

- Surrounding mapping via 360˚LIDAR
- Autonomous navigation to a preset location

Customizable*
- Custom apps available
- Branding Exposure

Build-in AI
- Constantly learning your preference to customize its actions

Weight	: 12 kg
Dimensions:	450 (L) x 350 (W) x 1000 (H) mm
Display	: 13.3” LCD

Robot specification may vary due to different model.

Tour
- Guide to multi-location
- Support script command, photo and video

AI Chatbot*
- Support mixed Cantonese-English speech recognition
- Natural Language Processing

* Additional charge is applied

Remark: All images are for illustration purposes only. Product specifications are subject to change without prior notice.

Key Applications

AI Chatbot

Real-time conversation with robot

01 Ask robot a question

02 Question is displayed

03 Robot is responding

04 Robot guides the guest to meeting room

Disinfection

Automate daily disinfecting tasks

01 Setup mapping & autonomous navigation

02 Disinfection in progress

03 Completed

Check-in for a Meeting

Receptionist is not needed while guest is visiting

01 Received a meeting invitation with QR code

02 Present QR code for scanning upon arrival

03 Welcome message is displayed

04 Inviter is informed

Why Choose Konica Minolta?

With our monthly subscription model, you can get started at a minimal cost. Our professional team is capable of developing custom apps that suit your specific business needs.

- Flexible Payment Model
- Customization Service
- Fast Deployment
- On-site Training
- One-stop Professional Service
