Giving Shape to Ideas

COMPACT DESIGN PACKED WITH INNOVATIONS

bizhub 5021i

The bizhub 5021i impresses with high productivity and versatility. The amazing print speed combined with standard duplex printing and various optional functions make this a perfect solution for daily printing demands for all of our customers.

SIMPLE, FUNCTIONAL & DURABLE

bizhub 5001i

The bizhub 5001i is the perfect working tool, to have your documents ready at any time and occasion. With its compact design, small footprint as well as high productivity and print speed, the bizhub 5001i can impress on every desk.

USER BENEFITS

A machine that knows you. Intuitive design and simple operation.

Easy to Use, Intuitive Control Panel

5021i 5001i

The large colour LCD touch panel is easy to operate even for first-time users. An intuitive interface and smartphone-like operability helps you get to the functions you need quickly, with no fuss.

bizhub 5021i 7-inch touch panel

Easy Access

5021i 5001i

Frontal access to the paper tray and toner cartridge allows your bizhub to be placed anywhere, even if it's a crowded location.

A Small Footprint

5021i 5001i

Whether you are adding to your existing fleet of devices or looking for a single workhorse, having a machine small enough to place on a desktop or any convenient surface is a huge benefit.

495 mm 495 mm

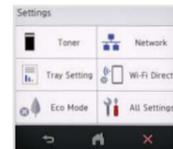

402 mm 396 mm

Keep It Simple

5021i 5001i

The more compact 5001i model feature screens that clearly display settings information and enhance usability with intuitive controls. The 5001i is equipped with a color touchscreen for easy, interactive operation.

Wireless Connectivity

5021i 5001i

Fed up with cables and wires getting in the way and restricting where you can place your printer in the office? All models are equipped to operate wirelessly. Place your machine wherever is convenient, and print from anywhere inside your office via your Wi-Fi network.

Keep Your Documents Secure with ID Print

5021i 5001i

The 5021i and 5001i models are equipped with an ID card reader (NFC) on the operation panel, enabling ID Print. Documents will only print once a user has identified themselves to the machine, helping to ensure your documents don't end up in the wrong hands.

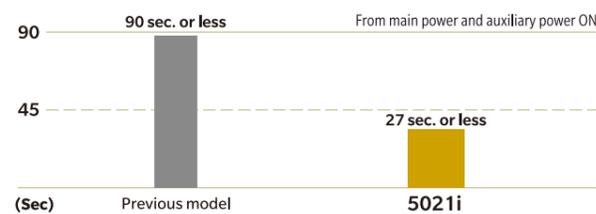

Get Started Faster

5021i 5001i

Get to work in 27 seconds or less. All models have an outstanding warm-up time, helping you to get on with what matters.

Warm-up time* comparison between previous model and bizhub 5021i

* 23°C, at rated voltage

COPY & PRINT

A range of useful functions available at your fingertips.

Reliable High-speed Printing

5021i 5001i

Print up to 50 pages per minute with the 5021i and 5001i models. Outstanding durability and low maintenance needs are combined with great quality and high speed, so you can keep printing all day long.

Add Paper Storage Capacity Up to 1,660 Sheets

5021i 5001i

Add to the standard paper capacity with additional feeder units to build the machine that best suits your working environment. Boost your bizhub by up to 1,040 sheets with the PF-P24 and PF-P23 optional units.

Standard feeding unit 520 sheets

Manual bypass tray 100 sheets

Optional paper feeding units (PF-P23) 250 sheets

Up to 1,660 sheets (PF-P24 × 2)

Copy with Clarity

5021i 5001i

Copy quality has been significantly improved over previous bizhub models. Scan up to 1,200 dpi using the Document Glass to achieve detailed replication when copying and scanning.

Choose the Ideal Layout

5021i 5001i

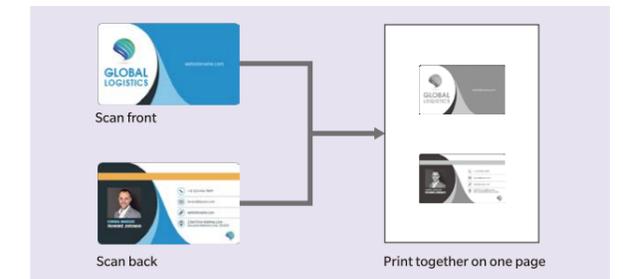

A variety of layout options and double-sided printing help optimize your printed materials and save paper. Combine multiple pages or images onto one sheet when copying and printing. Consolidate up to 4 pages into one when copying at your AIO, or up to 16 pages into one when printing.

ID Copy

5021i 5001i

Use the ID Copy function on the 5021i model to scan ID cards or other small or irregularly shaped documents and combine both scans cleanly onto a single sheet.

Print from USB

5021i 5001i

Data stored on a USB memory device can be printed directly from your bizhub using the USB port on the front panel. Print from a variety of formats including DOCX, PPTX, XLSX (all part of the Office Open XML format), as well as PDF, JPEG, PNG and TIFF.

SCAN & FAX

High-quality and high-speed capability. Treat your documents right.

Efficient Double-Sided Scanning for Every Workflow

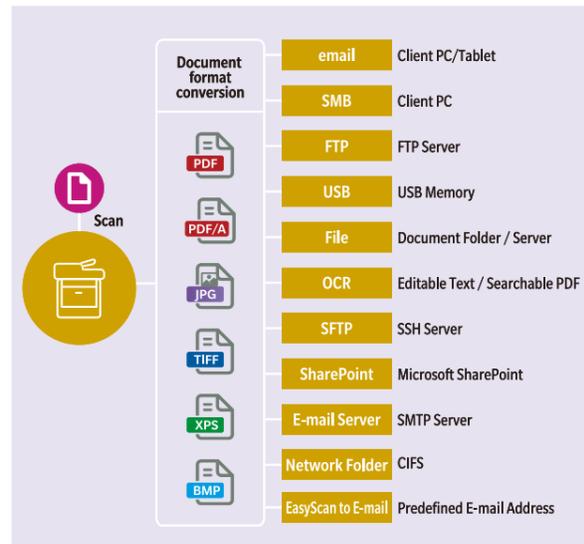

The bizhub 5021i offer fast, double-sided scanning for both color and black-and-white documents. With a high-capacity feeder that handles up to 80 sheets at once, the bizhub 5021i is especially suited for high-volume scanning needs.

Model	Color (Simplex)	B/W (Simplex)	Color (Duplex)	B/W (Duplex)
bizhub 5021i	Up to 30 ppm	Up to 50 ppm	Up to 60 ppm	Up to 100 ppm

Paperless Sharing

Scan documents to a range of formats and share them in the way that's best for you.

High Security Super G3 Fax

The 5021i model is equipped with high-speed Super G3 faxing, ensuring you are well equipped for any situation. If your bizhub receives a new fax when out of paper, the fax is saved securely until paper is available. What's more, with Secure Transmission, you can confirm your faxes are transmitted without error with the use of VoIP. All-round performance in a compact machine.

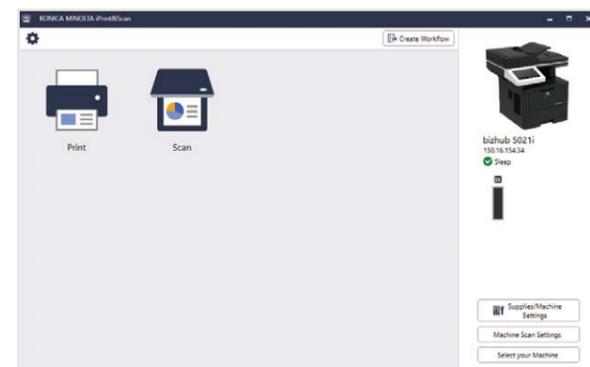

Scan to Editable and Searchable Files

iPrint&Scan enables users to scan documents directly from their bizhub device to a PC or mobile device. Files can be saved, shared, or processed with OCR software to create editable text or searchable PDFs. TWAIN and WIA support ensure compatibility with a wide range of applications.

Smooth Document Handling with iPrint&Scan

Ideal for everyday office tasks, iPrint&Scan lets users easily scan and print from their bizhub device using a PC or mobile device. Instead of navigating the control panel, users can access essential functions such as scanning and saving documents directly through the software. This makes workflows faster and more intuitive.

MOBILE & CLOUD

Access your bizhub via your mobile device for a seamless work life.

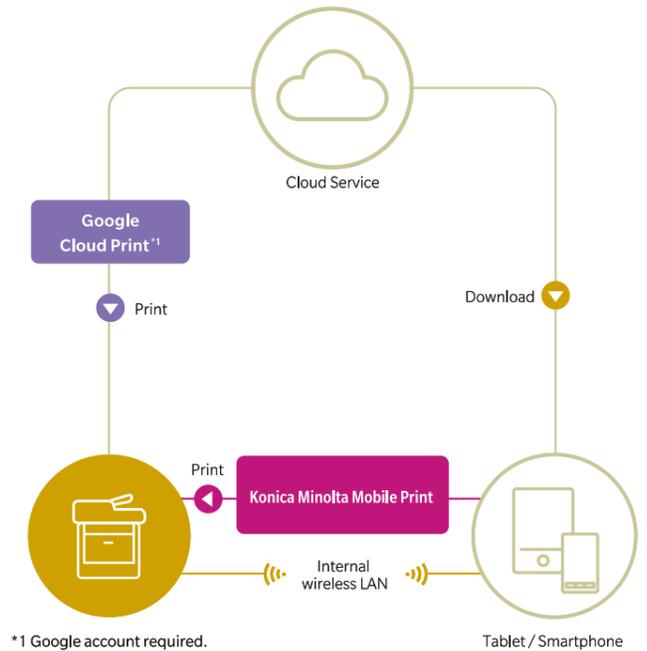

Konica Minolta Mobile Print

Print and scan with your smartphone or tablet. The Konica Minolta Mobile Print app is fast, secure and convenient. Use your bizhub directly from Android and Apple devices via your office Wi-Fi or by tapping your device on the NFC reader.*

*Only available for Android devices equipped with an NFC antenna. NFC reader is equipped on bizhub 5021i and 5001i models. For iPhone and iPad, download Konica Minolta Mobile Print from the App Store.

Multiple Mobile Print Services

You can also connect with a variety of other mobile print services including Mopria Print Service for Android devices without a print driver, or prints wirelessly from Apple mobile devices via AirPrint. You can also print and scan from the cloud via Google Cloud Print.

*1 Google account required.

SECURITY

Secure Print

User will set a password prior to sending print. The same password has to be keyed to the control panel to release the print. This prevents confidential documents from lying around the office or being accessed by unauthorized users.

Keep your office environment secure and keep your documents private.

Function Lock

This setting requires each user to have a password and allows the administrator to enable or disable functions for different users, preventing unauthorised users from gaining access. You can also set the maximum volume of printing each user is allowed to do via the machine, helping you stay in control of paper waste.

ENVIRONMENT

Look after our global environment and your office space.

Energy-saving Design

This environmentally conscious product complies to international environmental standards, including ENERGY STAR (US) for energy efficiency, the Green Purchasing Law and Eco Mark (Japan) for promoting sustainable procurement, and the RoHS Directive (EU) for restricting the use of hazardous substances.

Easily Balance Your Consumption

With a wealth of economy measures, you can balance quality and ecological performance as you need. Toner Economy Mode reduces the amount of toner used without sacrificing legibility, helping to save on toner usage. Deep Sleep Mode consumes less power than conventional Sleep Mode, and the printer will still reactivate as soon as new print data is received. The LCD panels on the 5021i model is also auto-dimming, saving energy when the machine is not in use.
